THE ARGUS WILL WRITE ON ANYTHING

The *Argus* Club is a group of students interested in learning about the various genres and methods of self expression. Throughout the 1978 school year the members of the organization were engaged in such activities as field trips to Norfolk to talk to the faculty of the creative writing department of ODU, to discuss with the writing staff of WTAR-TV the various aspects of their jobs, and to see the operation of the *Virginian Pilot*. The students also sponsored guest speakers to informally discuss creative writing. Another project included the 1979 Writing Contest with cash prizes being given for poetry, short stories, and plays. Probably the most important work of the club was to publish yearly the *Argus*, an anthology of student writing.
